

OIL RECOMMENDATIONS

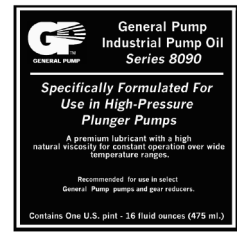

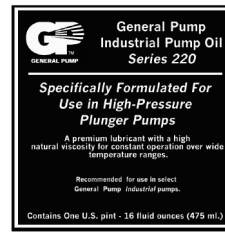

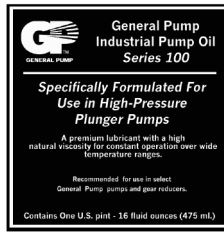

Pump crankcase oil must be changed after an initial 50-hour break-in period. Oil must be changed every 3 months or at 500 hour intervals thereafter. Replace only with General Pump Oil according to the pump model numbers listed below.

NOTE: Failure to follow these requirements could void pump warranty.

General Pump Series 100 Oil is 30 Weight, non detergent

General Pump Series 220 Oil is 50 Weight

General Pump Series 8090 Oil is 80/90 Weight Gear Lube

Use General Pump Industrial Pump Oil Series 8090 in the following:

Commercial Pumps	
Pump Model	Oil Required
T41	GP SERIES 8090
T61	
T81	
T121	
T151	
T1551	
T1591	
T3551	
T4251	
T9971	
T9971GR	
TS1041	
TS1531	

Vehicle Cleaning Pumps	
Pump Model	Oil Required
CW1012	GP SERIES 8090
CW1541	
CW61	
CW81	

Gear Boxes
