# 2560001 Multi-Nozzle Holder

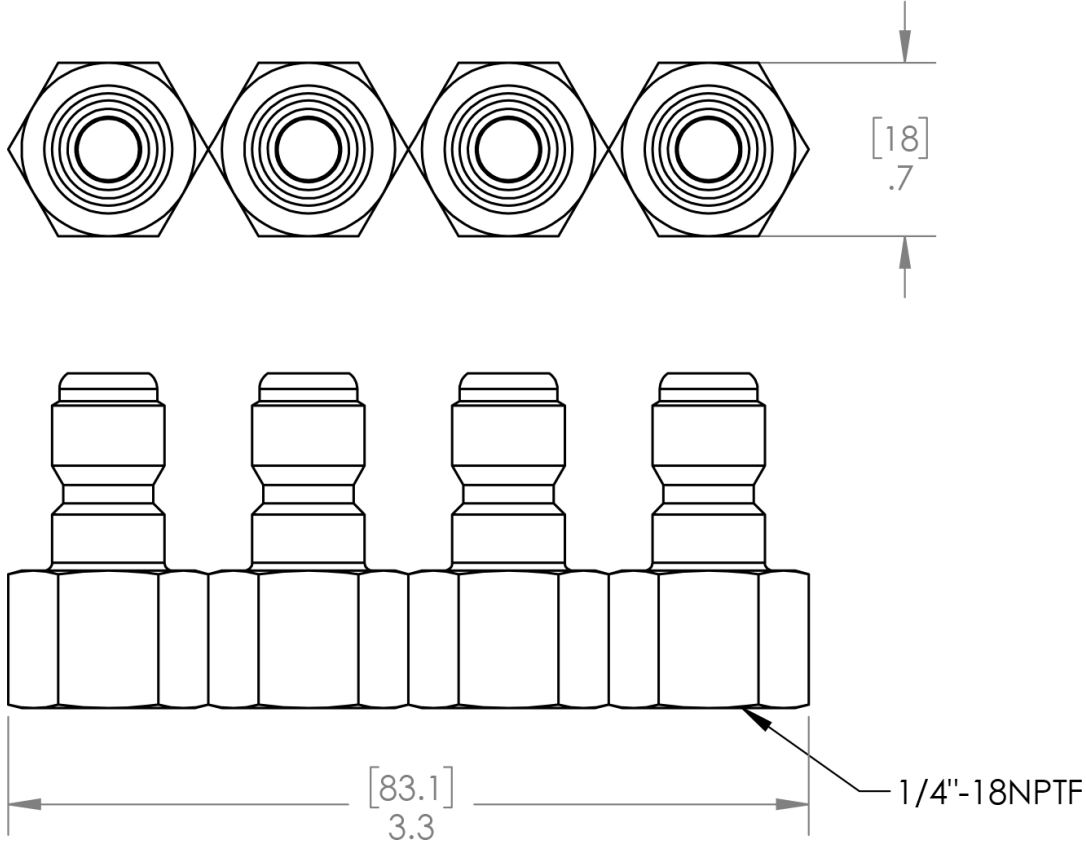

Above: 2560001 attached to a wand, holding 4 - 1/4" nozzles (wand and nozzles sold separately).

This handy tool made from 304 Stainless Steel, allows you to very quickly switch between four different nozzles on one spray gun wand. It accepts any 1/4" NPT-M thread spray nozzles and turns each one into a quick-connect tip. Works great for changing between foam and water, reaching multiple height levels, or altering the intensity of the spray without having to carry around several individual nozzles!

Nozzles not included.

**CHOOSING THE CORRECT SIZE GP NOZZLE** *(not included with nozzle holder)*

1. Find Your Nozzle Pressure (PSI) in the gold shaded area.
2. Find your Gallons Per Minute (GPM) in the blue shaded area.
3. In the blue square that your PSI and GPM intersect, follow it to the far left Nozzle Size green-shaded area.
4. This will be the Nozzle Size you need.
