

**FEATURES**

- Type “H”, split taper pulley bushing
- Made of tough malleable iron
- High torque carrying capacity
- Double split barrel assures true concentricity, grips the shaft with positive clamp fit.
- For use with the full range of browning sheaves, sprockets gears, pulleys, couplings and hubs.

**SPECIFICATION**

Part Number	Bore Diameter	
	ZBBH24	24 mm
ZBBH35	35 mm	1.378 in.

**ZP PULLEY**

**SPECIFICATION**

	Part Number	Pitch Ø A, in.	Bore Ø B, mm
2 Groove A Section	ZP080	3.15	28
	ZP100	3.94	24
	ZP140	5.51	24
	ZP160	6.30	24
4 Groove B Section	ZP4140	5.51	32
